ENDORSEMENTS/REFERENCES:

"Mimi's inimitable energy delivered a hugely valuable message to our team that taught us how to improve organizational performance while still managing our personal and professional relationships. I 1,000% recommend her, and we can't wait to work with her again."

Céline Gauthier-Darnis, Founder, Dynadmic

"Mimi went above and beyond in her role as an MC for our regional event, not only understanding our vision, but in representing who we are as a company. She promoted the event through her own network to help raise awareness which we were extremely grateful for. Not only is Mimi extremely professional, passionate and hardworking, but she engages the audience uniquely."
